Unleashing Litigation Battles: 12th Intra Moot Court Competitions.

In the field of law and advocacy, experience is crucial for gaining knowledge and developing wisdom. It is through practical exposure that one can truly understand the complexities of the legal system and how to navigate them effectively. To enhance the mooting skills among the students, the Moot Court Committee of Christ Academy Institute of Law provided them with the opportunity to improve their skills on litigation and advocacy by ensuring their participation in the 12th Intra Moot Court Competition. The 12th Intra Moot Court Competition was held for the dedicated mooters of CAIL on 16th and 17th of June, 2023. It can be safely said that it served as testimony that Christ Academy Institute of Law students receive the ideal balance between academic illumination and practical experience.
