

REPORT ON THE WORKSHOP ON ‘RESEARCH AND ACADEMIC ACTIVITIES IN THE AGE OF IoT AND AI TOOLS: OPPORTUNITIES AND CHALLENGES’ CONDUCTED ON 07-07-2023 BY THE LIBRARY ADVISORY COMMITTEE

The registered students and faculty from Christ Academy Institute of Law (CAIL) have attended the workshop conducted by the committee under the guidance of Mr. Bijolse Johnkutty who has availed the resource person Mr. Sandeep C an Asst. Professor from Mount Zion Law College and a part-time research scholar from National University of Advanced Legal studies, Kochi. The meeting was held online and commenced from 5PM. The resource person immediately took up on the session without any further ado. He started the session by explaining about the Boolean search to effectively find the most suitable material from the 3 billion answers that Google provides for. He took the session while emphasizing on the opportunities that the technology is bringing forward. He also explained about the variety of authentic tools like elicit a summarizing tool which provides for a summary of an entire paper making it easy for the researchers to go through as many secondary resources as possible to provide for a better paper. He also mentioned about the tools like LibGen, Sci-hub, research rabbit, Essayailab and such others tools to consolidate the data. He explained about the challenges briefly as the session was extended to 7PM. The students have attentively listened to the resource person and learnt how to access the variety of tools for their better enrichment of knowledge. Overall, it was an effective session with all cooperation from

faculty and students.
