

Speed mentoring

On 30/05/2023 i.e Tuesday, the Legal Services Committee of Christ Academy Institute of Law organized a speed mentoring program for the 8th and 9th-grade students of St. Joseph School, Jigini. The program aimed to educate the students on important legal concepts such as the Protection of Children from Sexual Offenses (POSCO) Act, the Right to Education, and understanding the difference between good touch and bad touch. The event witnessed active participation from both the mentors and students, creating a conducive environment for learning and awareness.

The program enabled the students to gain valuable insights, empowering them with knowledge to protect themselves, promote education, and advocate for the well-being of children in their communities. It is commendable that such initiatives are taken to raise awareness and foster a safe and inclusive environment for our future generation.
